

**Tsing Hua Experimental Education Program**  
**Table of Primary Learning Fields and Degrees Awarded**

**115.05.04**

Students in this program must have their project credits reviewed and approved by the Review Committee. After fulfilling all graduation requirements, degrees will be awarded based on the student's primary learning field, subject to approval by the Dean of Tsing Hua College.

| Primary Learning Field                            | Degree Correspondence Table |   |                 |
|---|-----------------------------|---|-----------------|
|   | Chinese Degree Title        | English Degree Title                        | Abbreviation    |
| Chinese Literature                                | 文學學士                        | Bachelor of Arts                            | B.A.            |
| Foreign Languages and Literature                  |                             |   |                 |
| English Instruction                               |                             |   |                 |
| Environmental and Cultural Resources              |                             |   |                 |
| Science   | 理學學士                        | Bachelor of Science                         | B.S.            |
| Mathematics                                       |                             |   |                 |
| Physics   |                             |   |                 |
| Chemistry   |                             |   |                 |
| Life Sciences                                     |                             |   |                 |
| Medical Science                                   |                             |   |                 |
| Biomedical Engineering and Environmental Sciences |                             |   |                 |
| Engineering                                       | 工學學士                        | Bachelor of Science                         | B.S.            |
| Nuclear Science                                   |                             |   |                 |
| Engineering and System Science                    |                             |   |                 |
| Chemical Engineering                              |                             |   |                 |
| Materials Science and Engineering                 |                             |   |                 |
| Power Mechanical Engineering                      |                             |   |                 |
| Industrial Engineering and Engineering Management |                             |   |                 |
| Electrical Engineering                            |                             |   |                 |
| Computer Science                                  |                             |   |                 |
| Electrical Engineering and Computer Science       |                             |   |                 |
| Humanities and Social Sciences                    | 人文社會學學士                     | Bachelor of Arts                            | B.A.            |
| Economics   | 經濟學學士                       | Bachelor of Arts                            | B.A.            |
| Quantitative Finance                              | 管理學學士                       | Bachelor of Science in Management           | B.S.M.          |
| Technology Management                             | 管理學學士                       | Bachelor of Business Administration         | B.B.A.          |
| Education   | 教育學學士                       | Bachelor of Education                       | B.Ed.           |
| Education and Learning Technology                 |                             |   |                 |
| Early Childhood Education                         |                             |   |                 |
| Special Education                                 |                             |   |                 |
| Educational Psychology and Counseling             |                             |   |                 |
| Sport Science                                     |                             |   |                 |
| Art and Technology                                | 科技藝術學士                      | Bachelor of Fine Arts in Art and Technology | B.F.A. in A & T |
| Music   | 音樂學士                        | Bachelor of Music                           | B.M.            |
| Arts and Design                                   | 藝術學學士                       | Bachelor of Fine Arts                       | B.F.A.          |
| Law   | 法律學學士                       | Bachelor of Laws                            | LL.B            |

**Note:**

To be awarded the Bachelor of Laws (LL.B.) degree, students in this program must complete all required and elective courses listed in the Law Specialization of the College of Technology Management (a total of 52 credits).
